

Clue three

What number is the lamp?

$$\text{book} = 8$$

$$\text{glasses} \times \text{glasses} = 144$$

$$\text{flower} + \text{glasses} + \text{book} + \text{lamp} = 34$$

$$\text{shelf} \times \text{flower} + \text{lamp} = 38$$

$$(\text{book} + \text{glasses}) \times \text{lamp} = 200$$

$$\text{shelf} \times \text{lamp} \times \text{book} = 560$$
